Professional Summary

Frontend-focused - web developer experienced in building scalable web applications using React and modern UI technologies. Skilled in creating reusable components, integrating REST APIs, and developing responsive interfaces with Tailwind CSS and GSAP animations. Familiar with backend development using Node.js and database tools such as Prisma and SQL.

Technical Skills

- Frontend: React.js, Tailwind CSS, GSAP, Responsive Design
- Backend: Node.js, Prisma ORM, SQL
- Others: Figma, GitHub, REST APIs

Projects

School CMS Platform | React, Node.js, Supabase, Tailwind

Live: <https://shikshadeep-academy-school.netlify.app>

- Built a CMS platform for blogs, galleries, job posts, notices, and queries.
- Designed a scalable database structure and implemented 40+ REST API endpoints.
- Developed reusable React components, optimized UI performance, and responsive layouts.

E-Commerce API Aggregator | Node.js, Express, Supabase

Github: github.com/PhurpaSherpa16/E-Commerce-free-api-aggregator

- Built a backend system aggregating 500+ REST endpoints from multiple public APIs.
- Normalized inconsistent API responses into a unified backend data format.
- Implemented scalable routing and middleware architecture.

Portfolio & Website Redesign | React, Tailwind, GSAP

Live: <https://phurpasherpa-portfolio.netlify.app> | Redesign: <https://himanitrust.netlify.app>

- Designed UI/UX in Figma and developed a responsive frontend using React.
- Implemented smooth animations and modern UI interactions with GSAP.

Education

BSc (Hons) in Computing—Leeds Beckett University.

Hobbies

Playing Guitar, Drawing
